## The Adventures of PETER WHEAT

WEB COMIC  
UNIVERSE.COM

We'll pretend to fight with each other... That will make them curious...

And then?

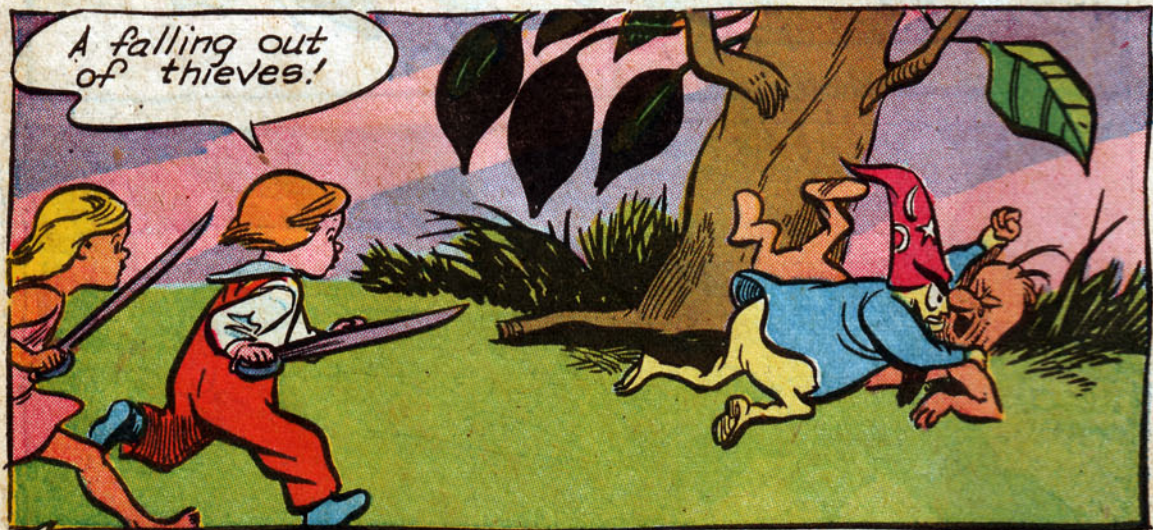

When they come close, we will seize their horse... and mayhap capture the Queen.

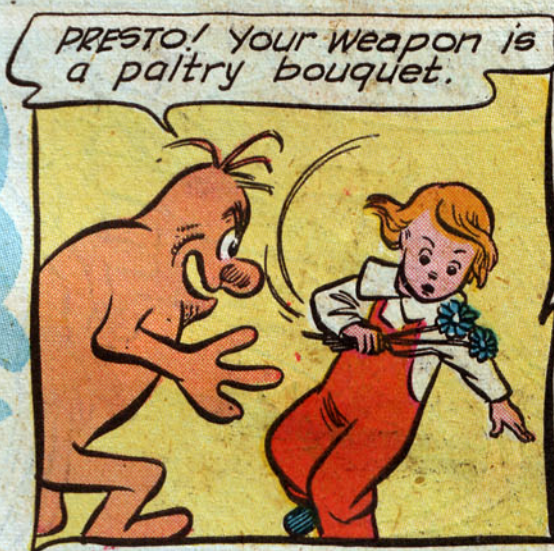

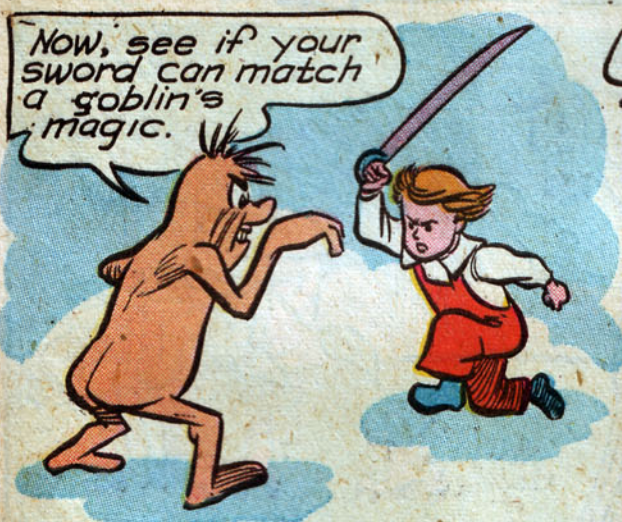

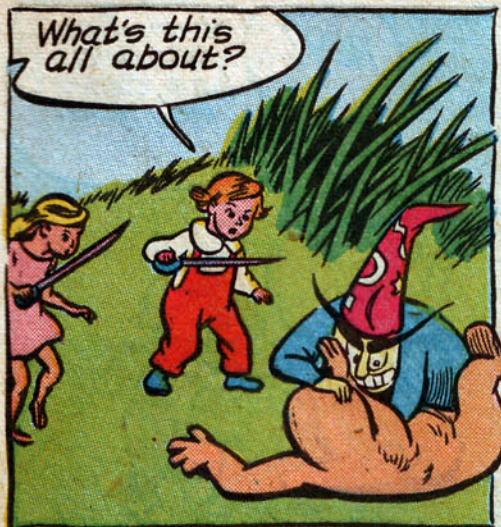

They seem to be fighting with each other.

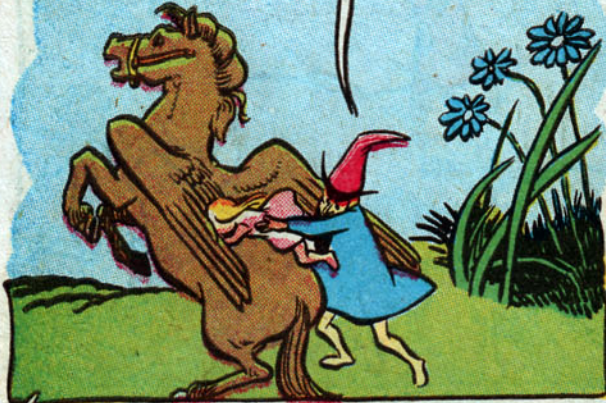

A falling out of thieves!

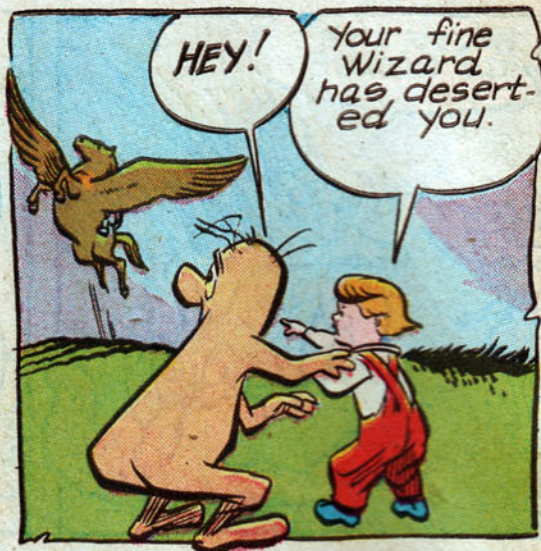

I'll leave  
without him!

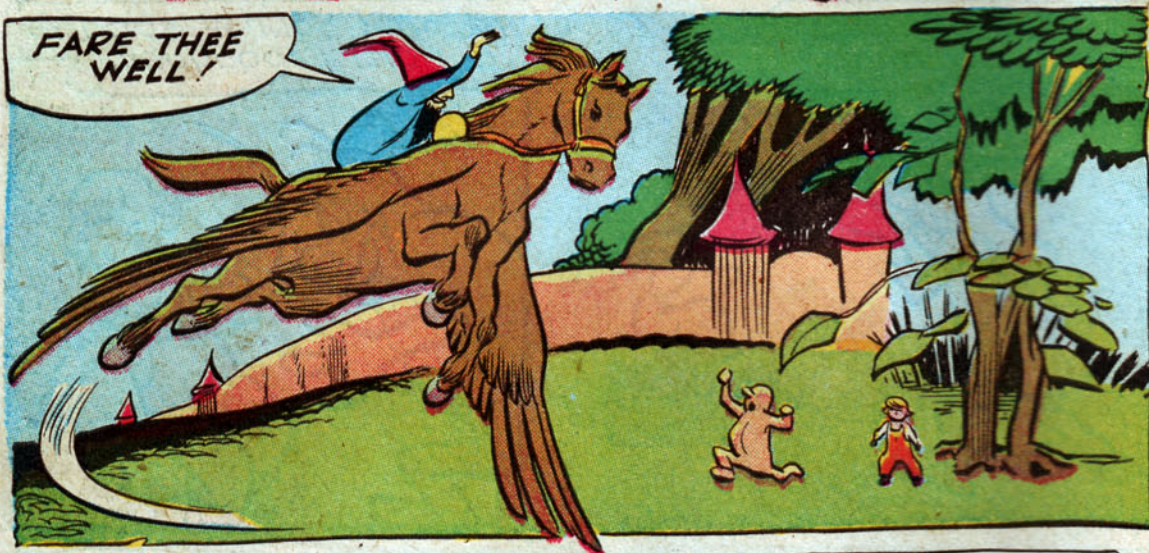

HEY!

Your fine  
Wizard  
has desert-  
ed you.

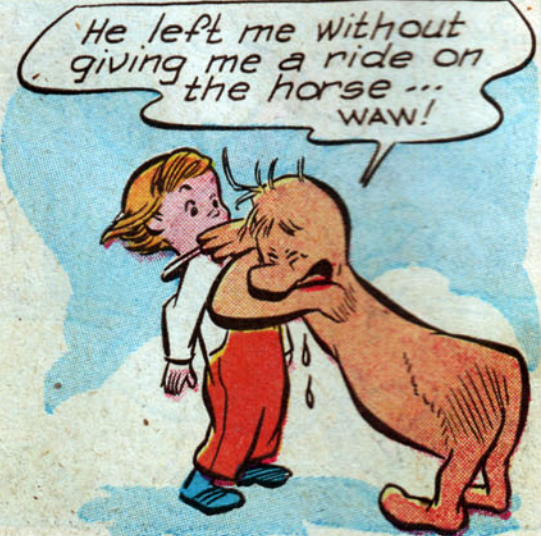

FARE THEE  
WELL!

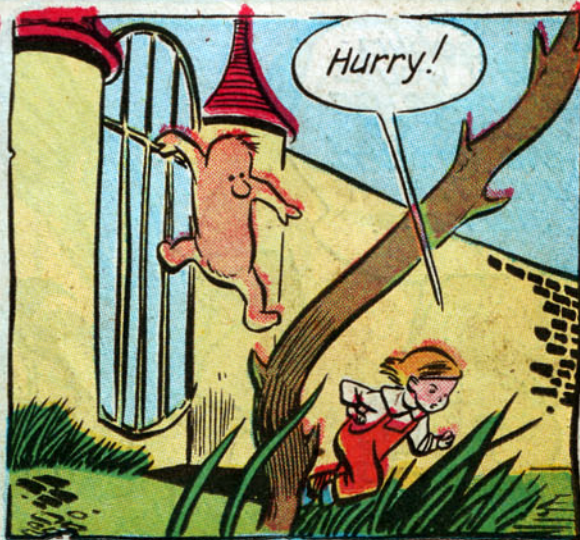

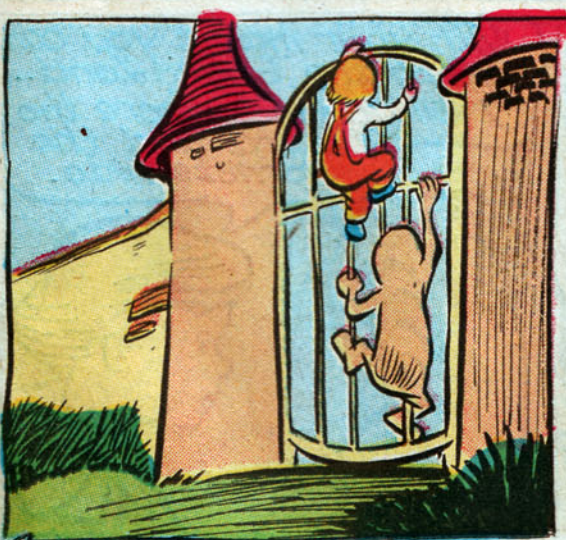

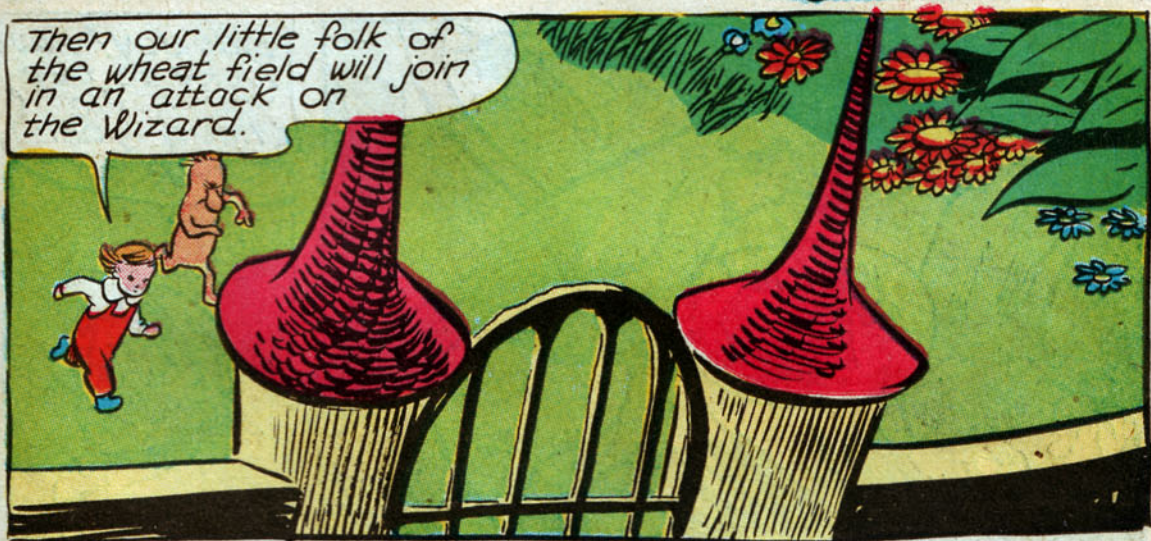

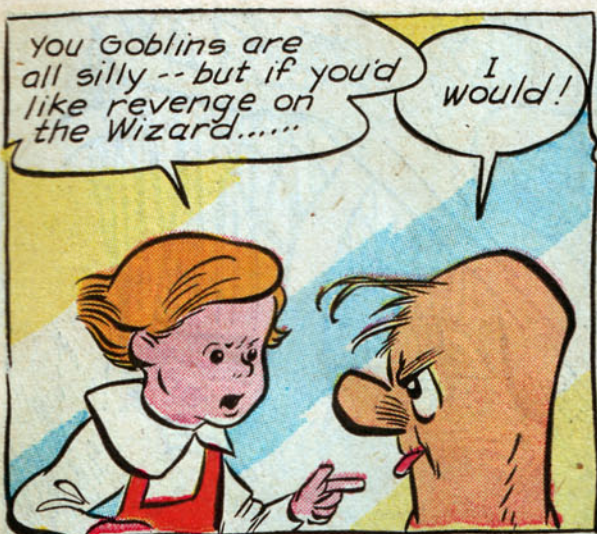

Oh, Boo, Hoo, Hoo!

He left me without  
giving me a ride on  
the horse ...  
WAW!

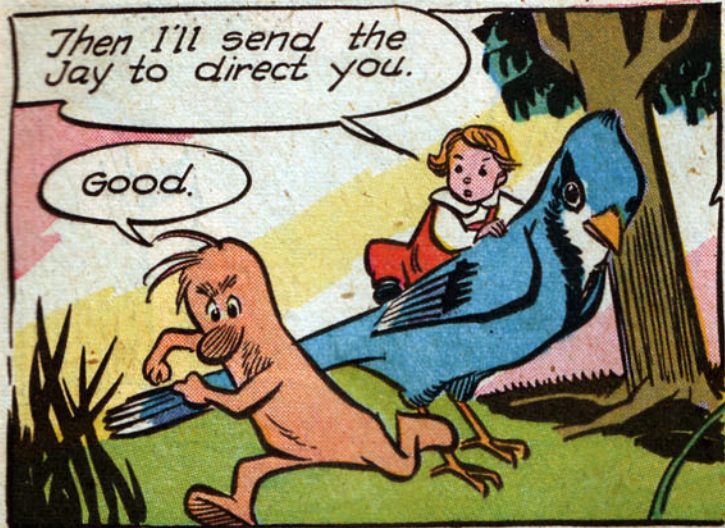

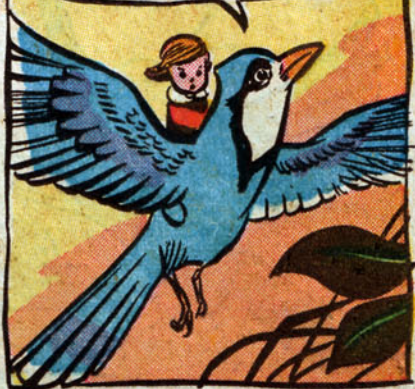

Then I'll send the  
Jay to direct you.

Good.

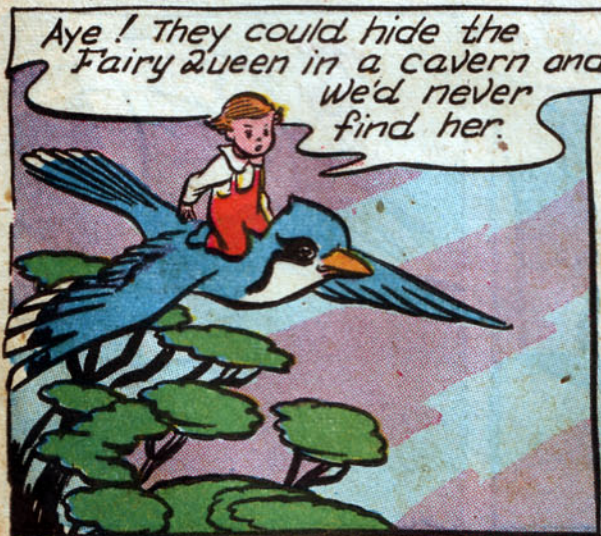

I saw the Hornets  
heading toward  
CRAG MOUNTAIN.

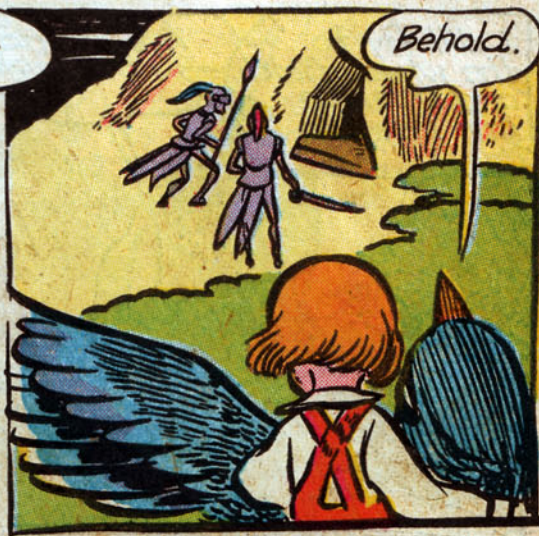

There are  
many caves  
there.

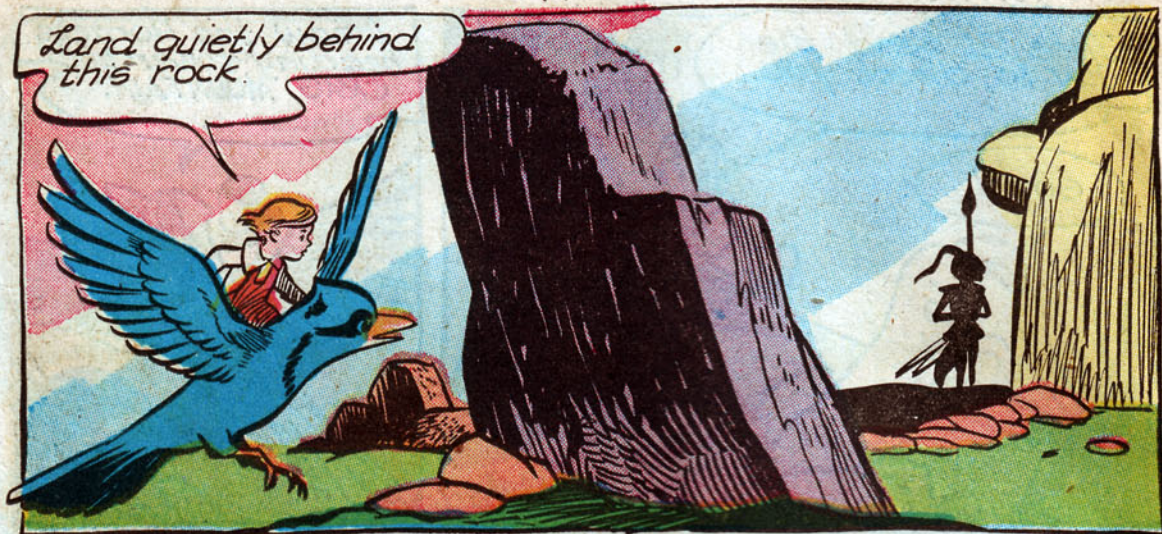

Aye! They could hide the  
Fairy Queen in a cavern and  
we'd never  
find her.

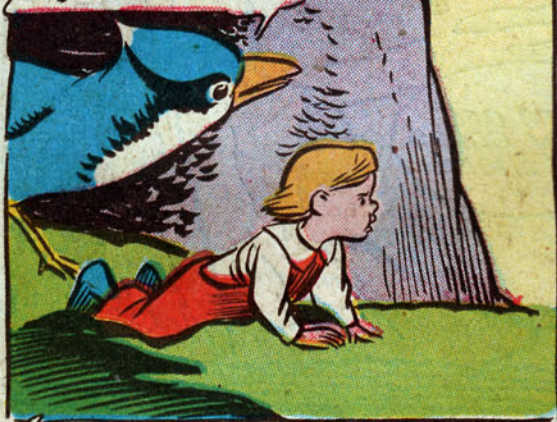

Behold.

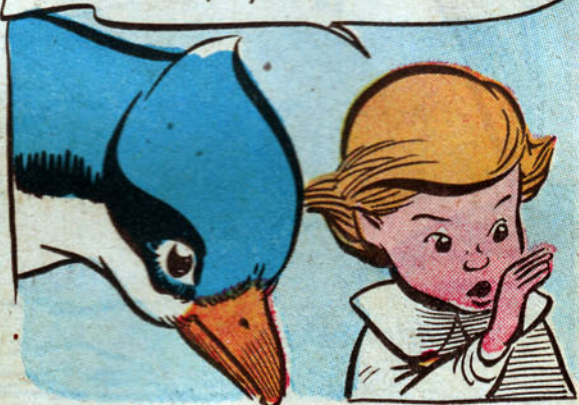

The Knights are meeting in the Big Cavern.

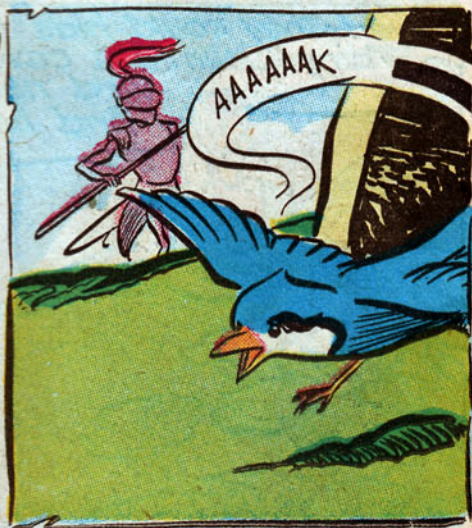

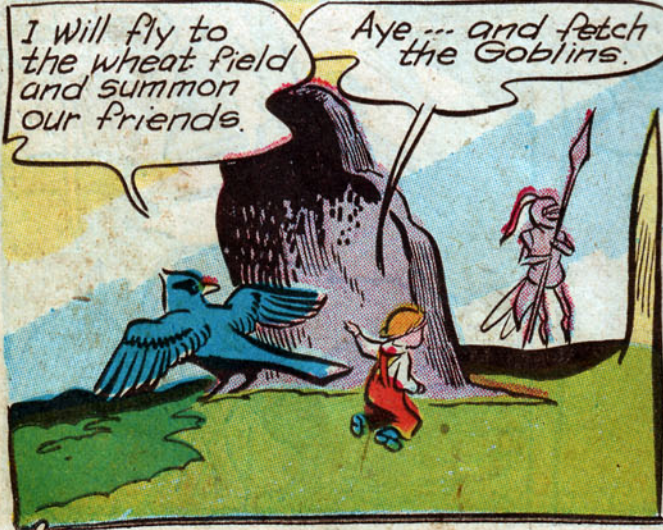

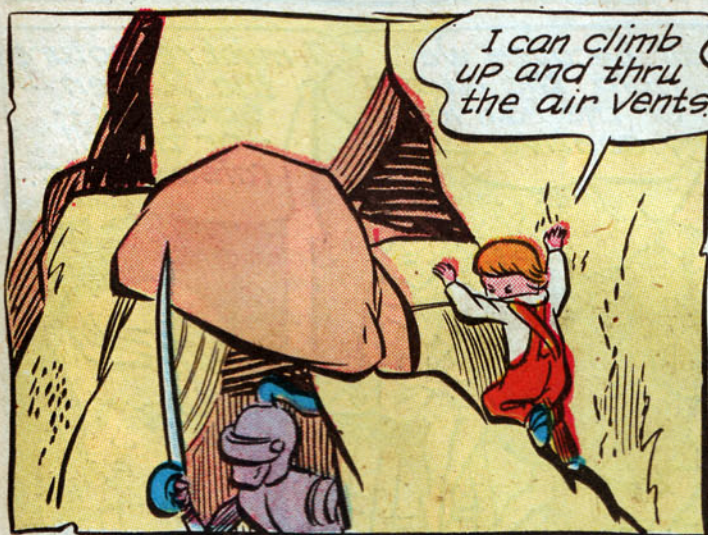

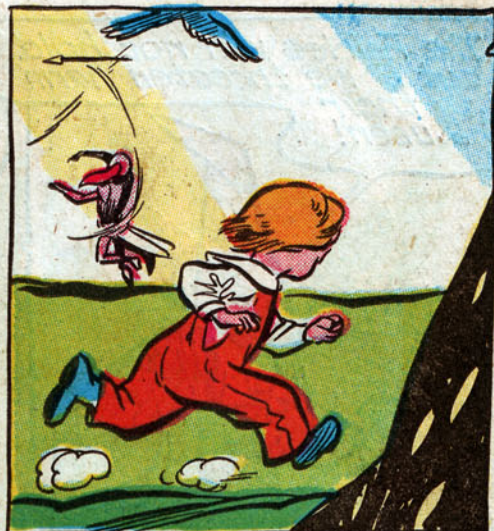

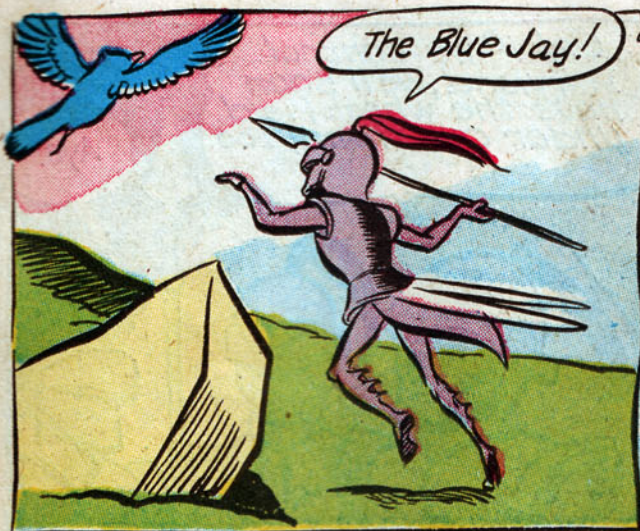

Aye, and that Knight outside stands on guard --- If you rush off with a loud cry, I can slip past him.

I will fly to the wheat field and summon our friends.

Aye --- and fetch the Goblins.

The Fairies will not hold out if we threaten harm to their Queen!

And if we control Fairyland, we'll soon have the wheat field under our thumb, too.

Aye!

And we'll be masters of the Woodland again!

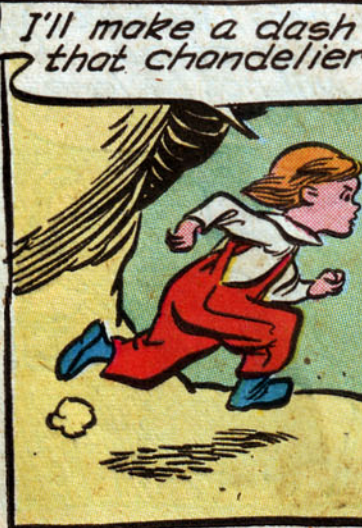

And all because we hold the Queen of the Fairies captive.

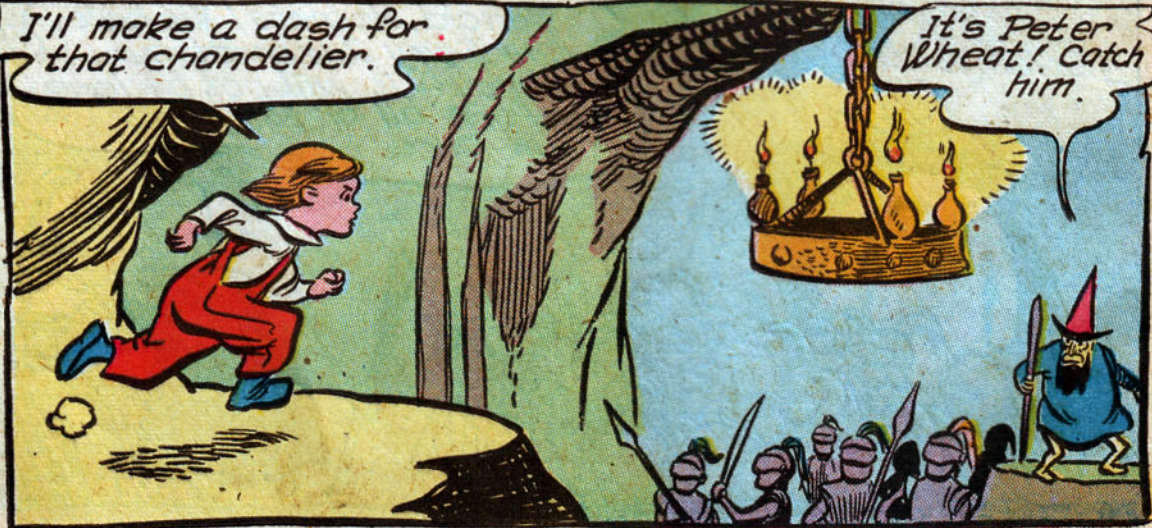

I must recapture the Queen... somehow... or they'll raise havoc.

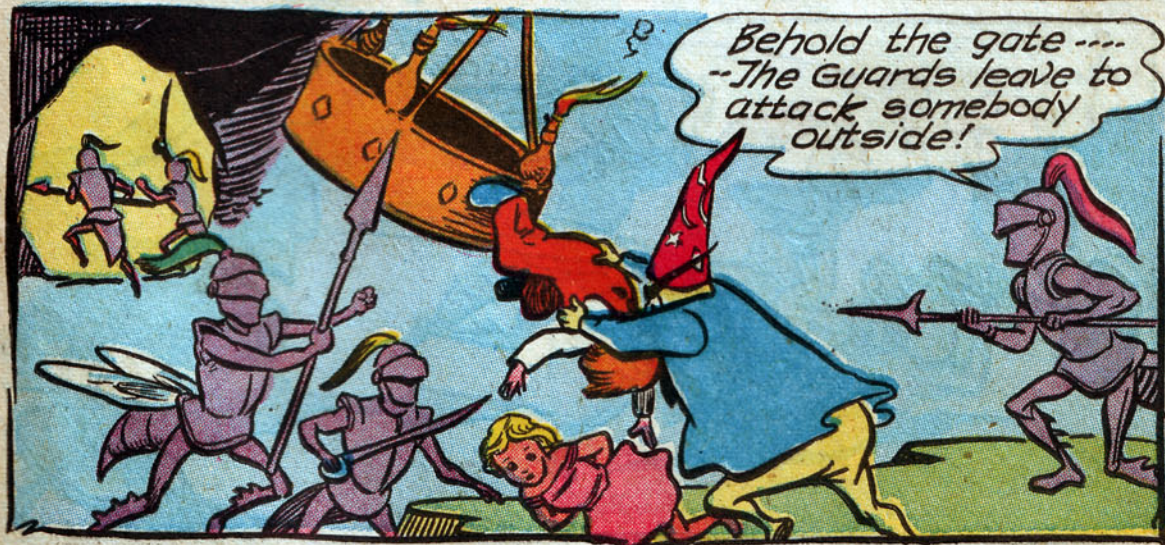

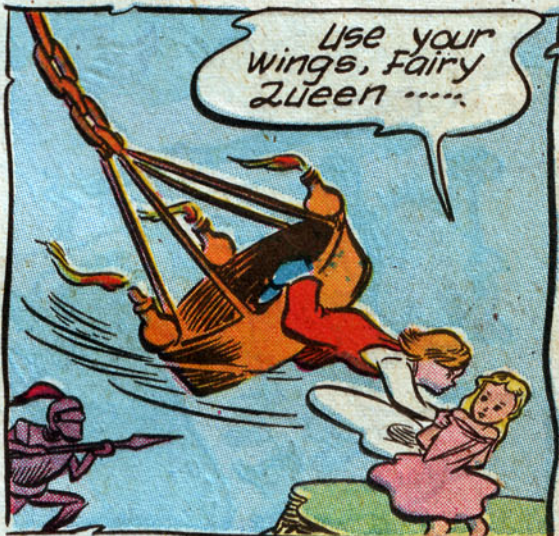

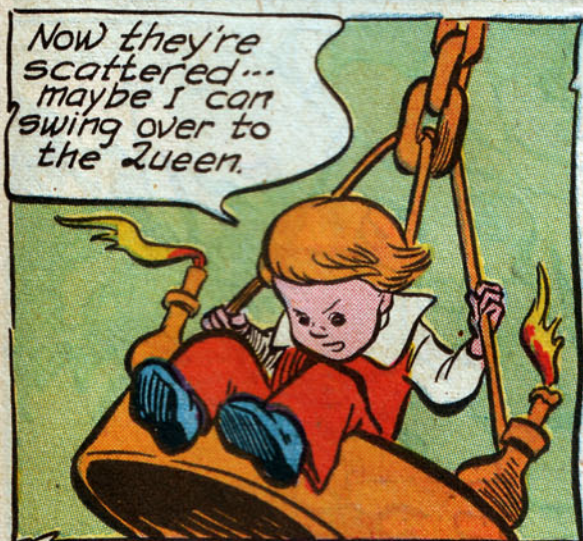

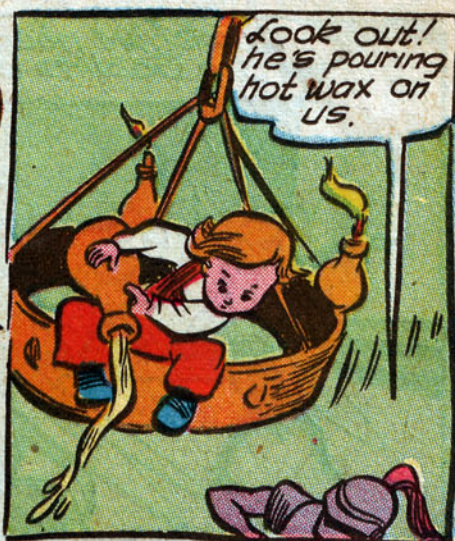

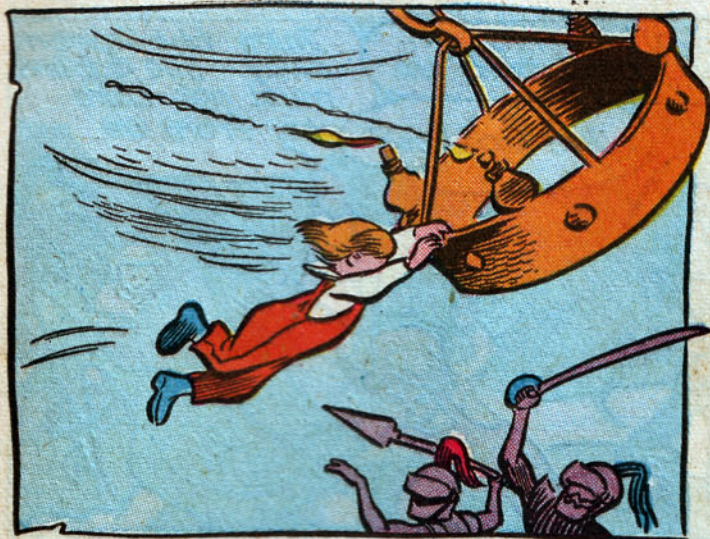

I'll make a dash for that chandelier.

It's Peter Wheat! Catch him.

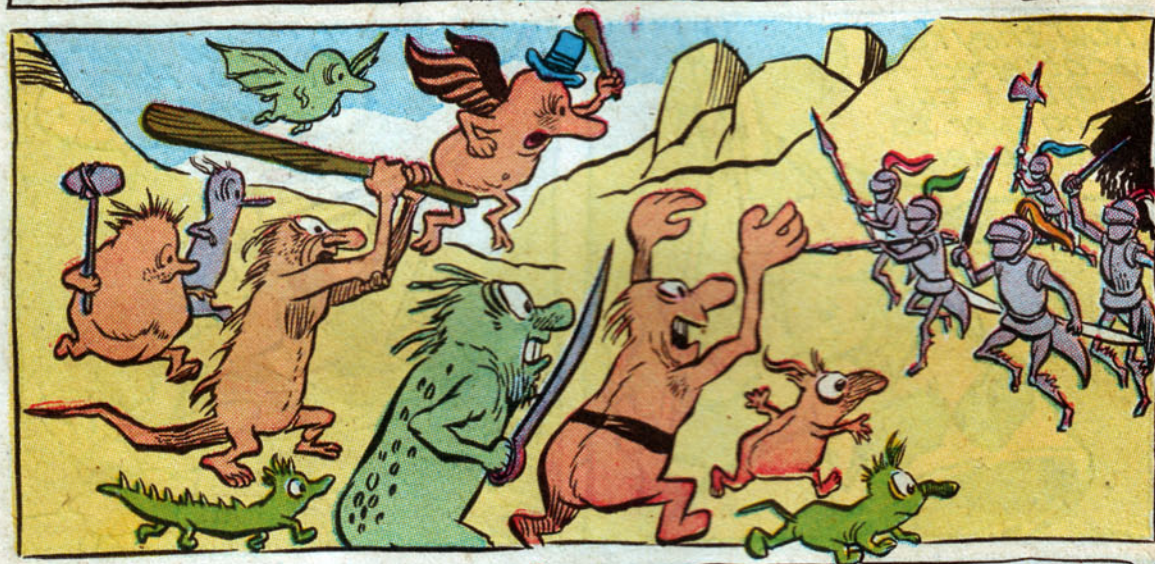

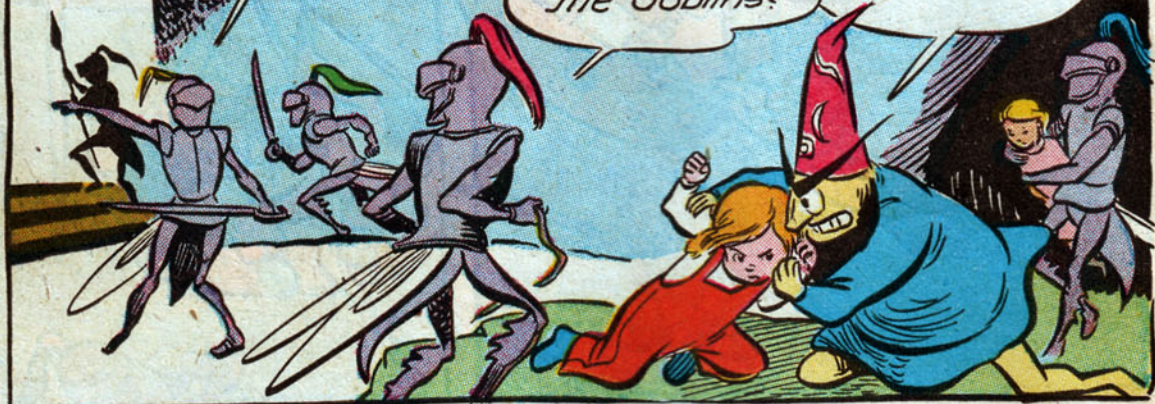

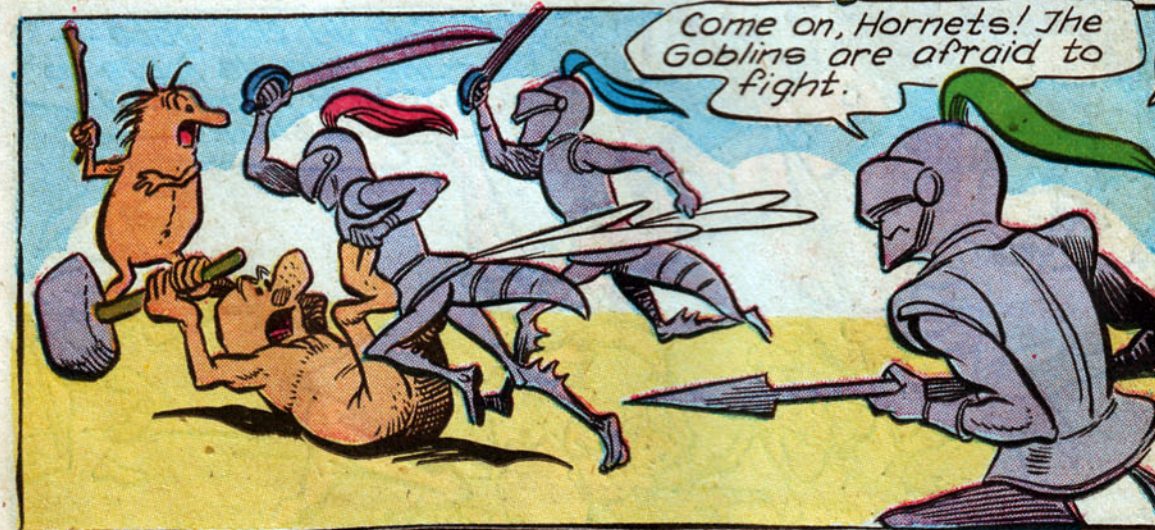

Quick! We need all warriors ...  
The Goblins are attacking us.

The Goblins?

Take the Queen  
away... The Goblins  
must not take  
her from us.

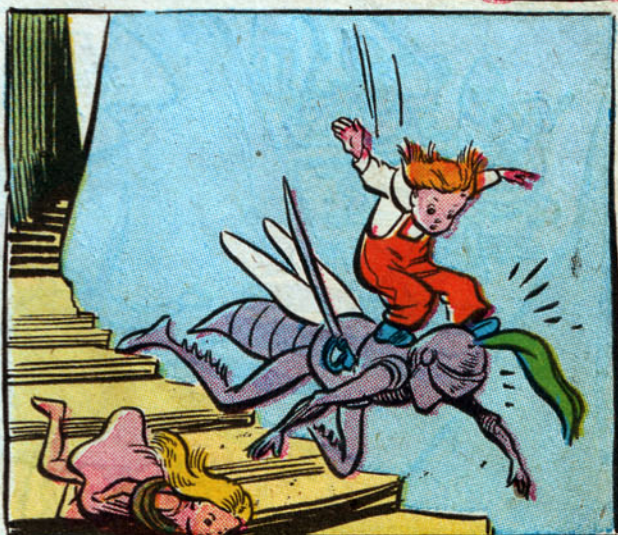

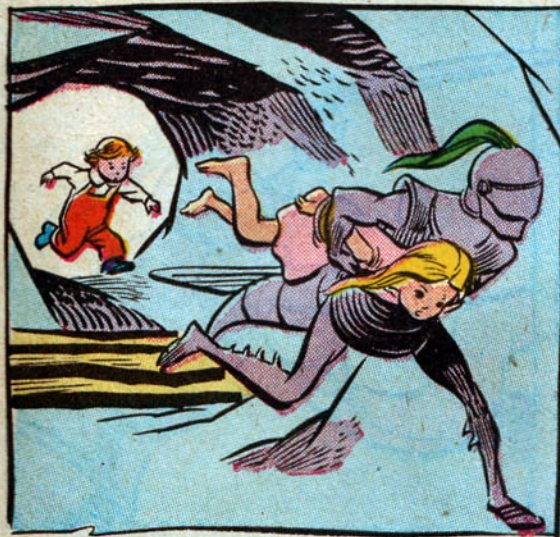

Come on, Hornets! The  
Goblins are afraid to  
fight.

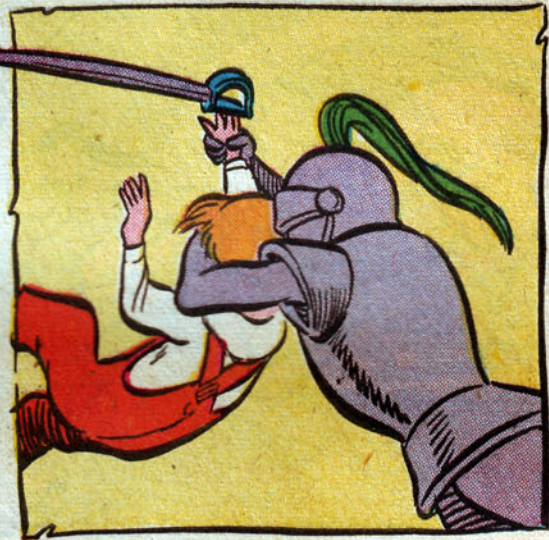

Yeow! We didn't know  
there were so  
many.

MEANWHILE, PETER HAS  
BROKEN AWAY FROM THE  
WIZARD AND CHASES  
THE HORNET WITH THE  
FAIRY QUEEN.

Dragonel- and Beetle- and fighters from the wheat field! Where'd you come from?

Aye! We thought the Goblins had been put to rout by the Hornet Knights.

That was a ruse ... The Blue Jay alerted us .. We joined forces with the Goblins ... They pretended to run and the Hornet Knights chased them into our trap ... The wheat field soldiers fell on the Hornets from every side.

Keep an eye out for the Wizard ... He can't stay in hiding forever.

Here are all your friends, Peter ... Glad that you are safe once again...

Aye! Thanks to all of you, We can return the Fairy Queen to her home.

How can we of Fairyland ever thank you for driving the Wizard from our land?

It may be too soon for thanks... the Willy Wizard is still loose.

Safe passage to Fairyland!

Aye! We'll see to that!
